GREENHOUSE & GARDENS

Youth at the Gardens

Summer has come to an end and with that Health Camp has finished for another year. Participants returned to the gardens with their school class to harvest their cucumbers.

Grade 5/6 visited to learn about the Three Sisters Plots, composting and pest control and were able to harvest some snacks while they were there.

Don't forget to drop-off your household or work compost to the Greenhouse. We will turn it into biodiverse compost to help us grow more nutritious produce.
